• Stressing total quality in all aspects of architectural practice the **JJ Pan** monograph features a rich collection of building types

Stressing total quality in all aspects of architectural practice, the **J.J. Pan** monograph features a rich collection of building types. According to Taiwanese architect, Joshua Jih Pan, such total quality includes at least design, service and delivery which many other architects find diffuclut to maintain in balanced proportions. This publication is fully illustrated with photographs and plans of many of J.J. Pan's most interesting projects.
