Born in 1995 in Ho Chi Minh City, Eris Tran has led a dream life, one of his own choosing in haute couture fashion illustration. His reputation is international; his clients are among the elite in fashion design; and his drawings are bewitching yet disciplined. He perfectly captures the intricate detail of fabrics, be they delicate silks, bold brocades, or diaphanous sheers. At the same time, Tran combines humour with a touch of the avant-garde, and the effects are both magical and audacious. With more than 200,000 followers on Instagram (@eris_tran), and a favourite of such houses as Alexander McQueen, Dior, Armani, Marchesa, Givenchy, Versace, and many others, including many emerging designers from Asia, Eris Tran interprets haute couture in a style perfectly suited to the times. This, his first book, is a showcase of Tran's stunning work for some of the world's best designers over the past few years. Featuring over 200 colour illustrations and his own commentary throughout, *Dressing in Dreams* is a book no true connoisseur of high fashion should be without.
